

RAISING KINSHIP CHILDREN MASTERCLASS

**Bristol, Thursday 27 April 2017
9.30am to 3.30pm**

Grandparents Plus is holding a special kinship care event in Bristol, on Thursday 27 April 2017.

The event will be held at:

Colston Hall
Colston Street,
Bristol, BS1 5AR

The masterclass, created especially for kinship carers, will be presented by Dr Karen Treisman, our consultant trainer, who is highly specialised in the areas of parenting and trauma and attachment. She has experience of working with kinship carers and their children and brings a wealth of knowledge and expertise.

Those who attend this one day masterclass will leave:

- with a deeper understanding of their kinship child's emotions and behaviours
- feeling more able to raise confident, happy and resilient kinship children
- with a range of useful tips and practical tools that can be used with kinship children

The day will also offer kinship carers the chance to meet others in a similar situation and to share their experiences.

Reviews from previous masterclass events:

- "Very emotional – gave me a chance to have a rare look at myself – thank you" (Kinship Carer, Chelmsford Masterclass)
- "I thought this was fantastic. Great to focus on the positives and great suggestions for building strategies and self" (Kinship Professional, Essex Masterclass)

How to book your place:

Grandparents Plus Support Network events are part funded by the Big Lottery Fund but to continue to offer high quality events we are asking attendees for a contribution of £20.00 per person – this includes lunch, refreshments and a training pack.

To book your place, please click directly here: <https://www.eventbrite.co.uk/e/raising-kinship-children-masterclass-bristol-tickets-31479586290> or call us on 0208 9818001.

If you are unable to cover the cost of the ticket but feel you would gain a lot from attending this masterclass or have any questions about the event, please contact Eleanor Nderitu on 020 8981 8001. Places are limited and must be booked in advance.
